Oldest and Largest Campus in UT System

Continuing a tradition of service begun in 1794, the University of Tennessee's Knoxville campus carries out a unique mission in higher education in the Volunteer State.

For many years, the University and the Knoxville campus were one and the same. As the University grew in size, extending its services into every county of Tennessee, a statewide UT system was created.

The system, under the direction of UT President Edward J. Boling, now serves more than 49,000 students on five campuses — Knoxville, Martin, Chattanooga, Nashville, and the Center for Health Sciences at Memphis. UTK Chancellor Jack Reese heads the 25,946-student UTK campus.

As the oldest and largest campus, UT Knoxville offers one of the largest and most comprehensive undergraduate and graduate programs in the country. Students may choose among 165 undergraduate degrees, 148 degrees at the master's level and 65 programs at the doctoral level.

THE STAFF

GLORIA RAY
DIRECTOR OF WOMEN'S ATHLETICS

The University of Tennessee now has a full-time women's athletic director. Gloria Ray, who filled the new position this fall, hopes to help stimulate the growth of women's athletics here through recognition and improvement of performance in the program.

Miss Ray came to UT from Mississippi University for Women where she was the tennis and basketball coach for two years and the assistant athletic director during the 1975-76 academic year. While at MUW, she also held summer sports camps for junior high and high school students. Prior to her position in Mississippi she taught physical education in Florida and coached the school's tennis team.

Gloria Ray is a native of Knoxville. She received her B.S. in Physical Education from East Tennessee State, and her M.S. in Physical Education from UT.

PAT HEAD
HEAD BASKETBALL COACH

A native of Henrietta, Tenn., Coach. Pat Head is a celebrated figure in women's basketball. Having begun her career at Cheatham County High School in Ashland City, she averaged 19 points a game her junior and senior seasons. As an undergraduate at UT Martin, she played volleyball for four years and basketball for three and a half years, missing the last half of her senior season with a ligament injury.

After recovering from her injury, she came back to compete in the Pan-American Games and the World University Games in 1975. The United States won the Pan-American Games. In 1976 Coach Head was a member of the U.S. Olympic team which traveled in the Far East and captured the Silver Medal in the Montreal games. She served as co-captain of the U.S. team and was a vital force on the squad. "This past summer was great for me," she said. "I had always wanted to play international basketball and to make the Olympic team. I felt it would benefit me as a player and coach."

Now in her third year as the University's women's basketball coach, she is building a program of national caliber. Her present record is 32-19.

Head's Collegiate Record: Won 32, Lost 19

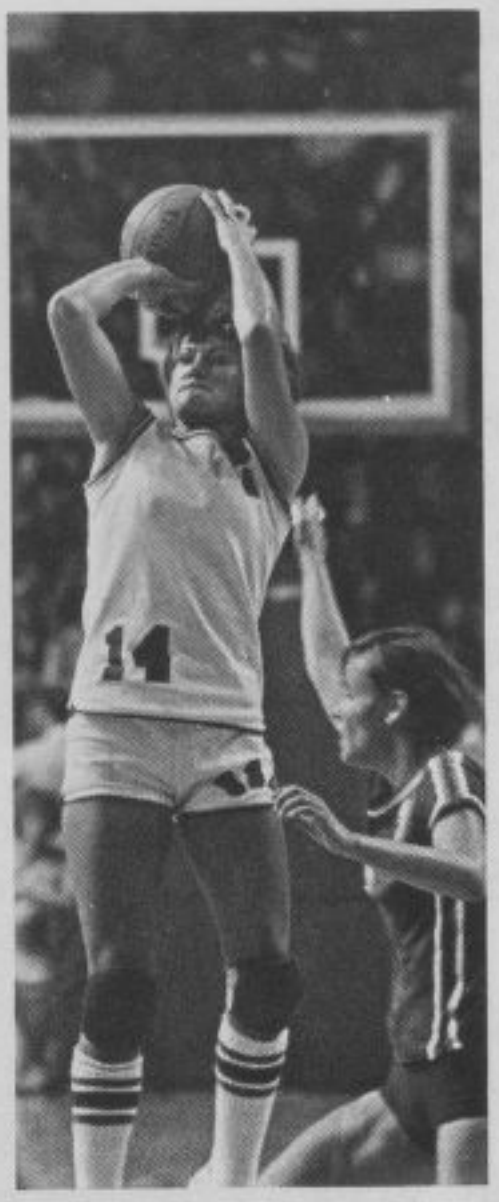
HEAD WINS SILVER MEDAL IN THE OLYMPICS



UT's own Pat Head aided in the fight this past summer in Montreal, Canada as the U.S. women's basketball team captured the silver medal. In an 83-67 victory over Czechoslovakia, the U.S. Olympians staged a second half rally to win with Coach Head contributing two points.

The U.S. team had a 3-2 record in the round robin tournament, losing to Japan in the opener and then suffering defeat at the hands of the powerful Russians, who went on to take the gold medal.

Head, who has played on numerous national and international teams, says winning a silver medal was a good way to wind up her long competitive basketball career. "I made the decision quite a while back that this would be my last shot. I can't think of a better way to go out than with a medal. It was a great feeling."

Head has now focused her attention and obvious talents on the chore of coaching the Lady Vols here at Tennessee.

ELIZABETH JACKSON

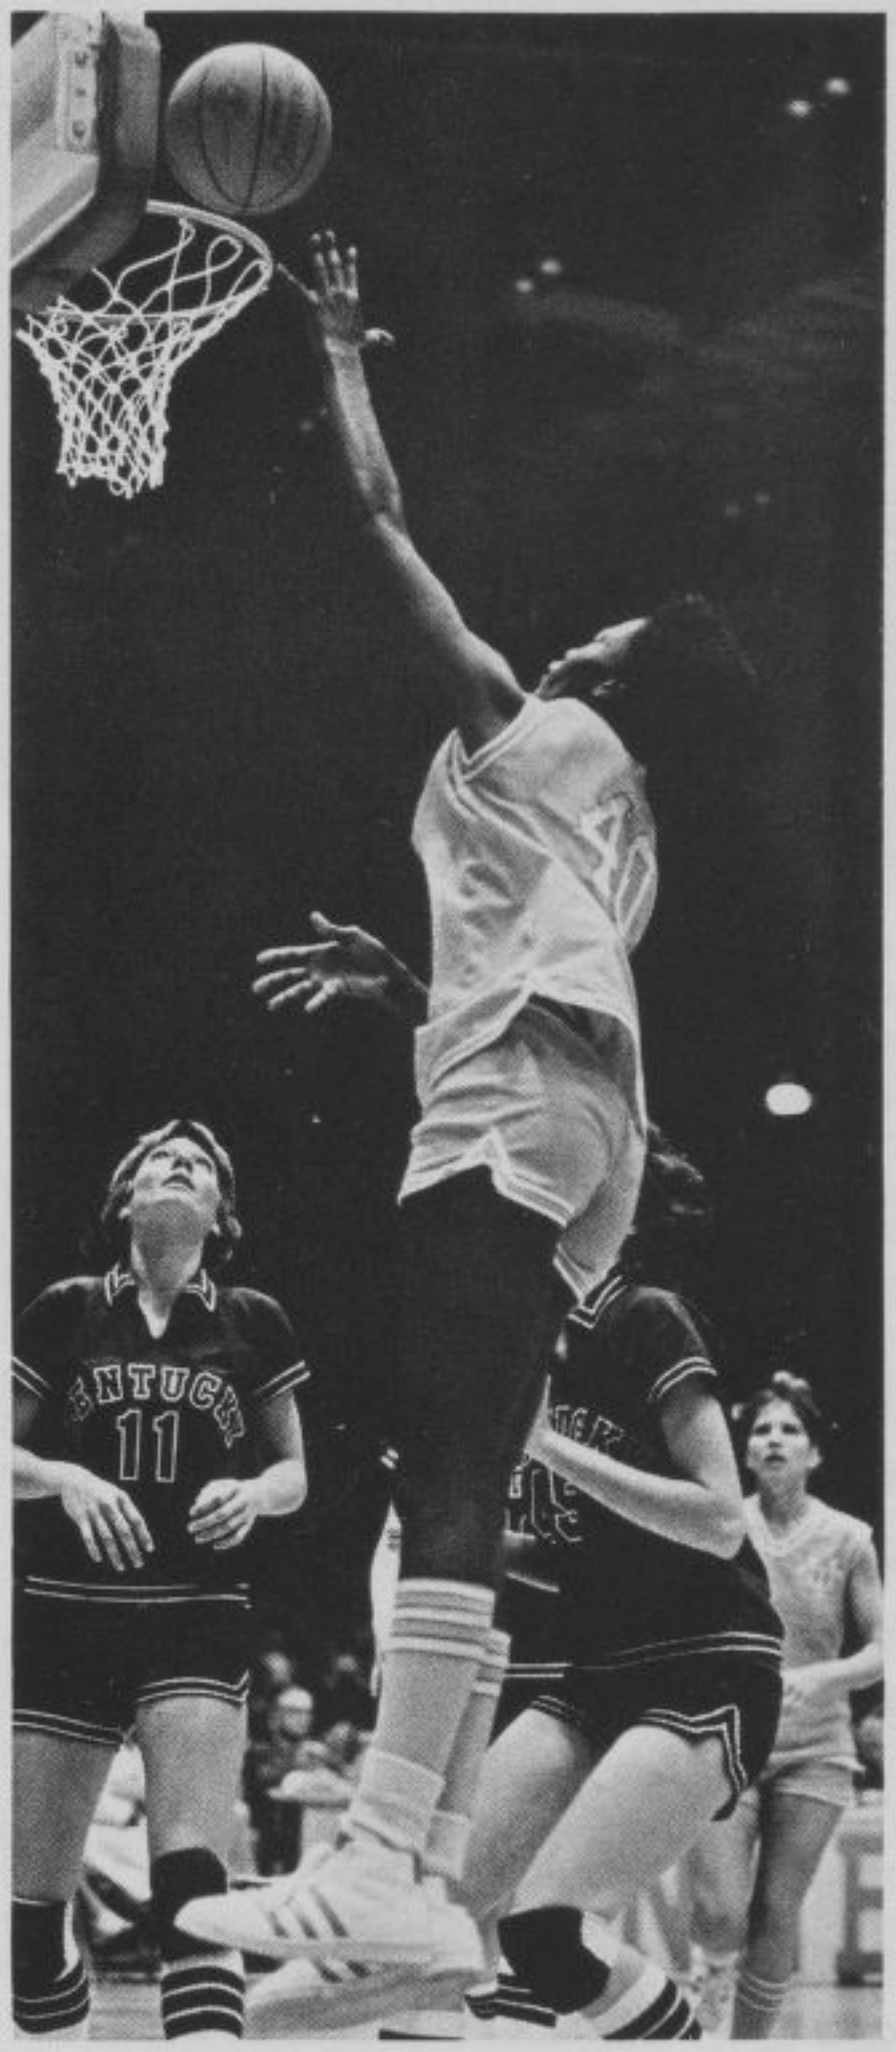
ASSISTANT BASKETBALL COACH

A native of Orangeburg, S.C., Elizabeth Jackson received her B.S. degree in Physical Education from Winthrop College at Rock Hill, S.C. As an undergraduate she competed for two years in field hockey and fast-pitch softball, making the All-State team in softball as a junior. She also played basketball for four years, serving as team captain her senior year. Among her collegiate honors were being named to Who's Who Among Outstanding College Athletes in 1975 and Outstanding College Students in 1976.

Jackson is presently working towards an M.S. degree in Health and Physical Education at UT. Along with her studies and coaching duties she has a departmental teaching assistantship in the School of Health & Physical Education.

1977 OUTLOOK

EXPERIENCED RETURNEES AND EXCITING NEWCOMERS HIGHLIGHT LADY VOLS ATTACK



Coach Head is very optimistic about the season ahead. Having lost only one player from last year's lineup, the experience of such stars as captain Suzanne Barbre, Lisa McGill, Sue Thomas and Jackie Watson will be a plus in the team's favor. In addition to her returnees, Coach Head has recruited several sensational new players. Transfering from Emporia College in Kansas, Trish Roberts is coming to UT as a senior. With three years of collegiate ball to her credit and participation on the U.S. Olympic basketball team which took home the silver medal, she will be an integral part of the Lady Vols' game play. Says Coach Head, "Trish will open up a lot of areas for us and take some pressure off our forwards and guards. Her shooting, rebounding and quickness are things we've lacked in the middle."

Street and Smith (basketball magazine) has Trish listed on its top five players in the country and UT ranked 17th nationally. So things are looking up and out for the Lady Vols in 1977.
